- Reading

SUMMARY

-Creative Front-End Developer offering over 7 years of experience providing high-impact web solutions for diverse industry organizations.
-Skilled in designing, developing and testing multiple web-based applications incorporating a range of technologies but leveraging ReactsJs .
-Aspiring to combine broad background with strong technical skills to excel as a full stack developer
-Self-independent, reliable and friendly individual who works hard to achieve his goals.
-Able to work well in teams as well as individually. My future goal is to become a senior full stack developer

PROFESSIONAL EXPERIENCE

NEXT-ITSERVICES
Web Developer, january 2023
Creating user interfaces leveraging on react as the front end framework.

FRENCH VILLAGE INTERNATIONAL COLLEGE, LG
Web Developer, April 2017 - June 2018
Developed websites from front to backend using, JavaScript, and HTML.
Enhanced user experience and accomplish webpage objectives by creating site structure, navigation, page optimization, and graphics integration.
Implemented enhancements that improved web functionality and responsiveness.

ASCON, LG
Web Developer, June 2018-september 2021
Manage website development projects from initial design through completion, optimizing all cross-browser and multi-platform compatibility.
Work closely with programmers and clients to meet project requirements, goals, and desired functionality.

PROJECTS

FLIGHT TEST APP *(https://flighttest.netlify.app)*
2023
The project is an airport app that shows the arrivals and departures from an airport. It has a register page to register users and log into the website based on users stored in local storage. The dashboard of the app is visible once the user is logged in.

My portfolio project *(https://reaganossai.netlify.app)*
2019
Developed using reactJs, html , css
This project was developed and implemented in 1 week by me. I used this project as a means to draw people closer to my personality as it entails every spectacular detail of which I exist(down to my explorative love for colours).

EDUCATION

CRAWFORD UNIVERSITY, OGUN, LG
Bachelor of Science in Computer Science, May 2021
· Honors: Second Class Upper.

CERTIFICATIONS

Robotic Process Automation Certificate
Issued by Automation Anywhere
